Do Not Call Registry stops unwanted calls

The National Do Not Call Registry gives you a choice about whether to receive telemarketing calls at home.

check the registry quarterly.

Register your home or mobile phone numbers for free at www.donotcall.gov or by calling their toll free number 1-888-382-1222.

**NATIONAL
DO NOT CALL
REGISTRY**

After registration, unsolicited calls should diminish in about 30 days. All unwanted calls should cease within 90 days because callers are required to

There are exceptions to the types of calls which can be made to you including: calls on behalf of political organizations, charities, surveyors and companies with whom you've done business or with whom you've made inquiry or submitted an application.

For more information, visit the Do Not Call website at www.donotcall.gov.

Call Iowa One Call at least 48 hours before you dig

Spring is here and construction and digging projects are underway. Remember, there are many underground utilities that may present a problem if disturbed, and unmarked services may be dangerous if hit.

It is important to call Iowa One Call at 800-292-8989 at least 48 business hours in advance so underground services such as gas, water, telephone, electric, cable TV and sewer can be located and marked.

Guthrie Center Communications customers may also dial 811 to report a dig. Locate requests are taken 24 hours a day/7 days a week.

When you call, you will be given a 9-digit 'dig ticket number' which can be used for reference throughout the project.

If damages occur as a result of a dig and Iowa One Call has not been notified prior to the excavation, the homeowner or excavator may be liable for repair costs, loss of product/services or other related charges.

In addition to digging in the spring, lightning can cause many problems to your home electronics and computers. Make sure to have reliable surge protection and, when in doubt, unplug devices.

BUSINESS SPOTLIGHT

BREADEAUX PIZZA

Dave Hardesty has a wealth of experience in the food service industry so when he found out about an opportunity to purchase Breadeaux Pizza in Guthrie Center three years ago, he jumped at the chance.

"I worked at Breadeaux in my hometown of Corning, Iowa, many years ago," stated Dave. Corning is where Breadeaux originated in 1985.

The thing that makes Breadeaux unique is its French crust and its preparation.

What makes the Guthrie Center Breadeaux unique is its family-friendly, 'homey' atmosphere. Dave spent a lot of time updating and fixing up the location.

"We have a nice place where families can come and enjoy a meal.

We have toys, coloring books and arcade games. We even have 'Silver Strike Bowling', a game that can be played over our GCC wireless Internet connection. The game collects players' stats and can enter them in contests. Winners can even advance to national competitions. It's pretty cool."

Dave also uses their GCC high speed connection to keep up with the corporate office on new products, emails and information. And, of course, they use their phone line to take orders.

Thanks, Dave, for all you do for the community and providing great food in Guthrie Center!
